

Family changes everything

Bethany believes every child deserves to be safe, loved, and connected. For more than 75 years, our faith has inspired us to stand for children close to home and around the world. Together, we can change the world through family.

Our Mission

Bethany demonstrates the love and compassion of Jesus Christ by protecting children, empowering youth, and strengthening families through quality social services.

Our services

ADOPTION

When an expectant parent decides to pursue adoption, Bethany offers support as they seek adoptive parents for their child. We're also here for the adoptive parents, training and preparing them to welcome a child into their family. Adoption is deeply personal for all involved, so we work to help birth families and adoptive families establish a relationship centered on the child's best interest.

PREGNANCY COUNSELING

When a woman is pregnant and doesn't know where to turn, she can always connect with Bethany. We help thousands of expectant parents every year—of all ages and backgrounds—and empower them to make a plan. Our counselors can provide confidential help so they can find their path forward.

Our services continued

COUNSELING

Bethany's counseling center provides trauma-informed mental health counseling. We offer counseling services for individuals, couples, and families (including children, adolescents, and adults). Our therapists are clinically certified with documented excellence in their areas of expertise. Our patients work with an assigned counselor to develop their plan for treatment, ensuring their spiritual, emotional, and mental health goals are addressed. We accept most health insurance plans and can provide financial assistance.

TRAFFICKING VICTIMS ASSISTANCE PROGRAM (TVAP)

Bethany partners with the United States Conference of Catholic Bishops (USCRI) in the TVAP. We provide case management to human trafficking survivors, which includes referrals for medical services, educational resources, mental health services, and legal counseling and representation.

UNACCOMPANIED MINORS (UC)

Bethany partners with Lutheran Immigration and Refugee Service (LIRS) to provide a variety of services to unaccompanied refugee minors who have been released from government custody. These services include referrals for medical services, educational resources, mental health services, legal counseling and representation, and community youth activities.

WRAPAROUND STABILIZATION

Bethany works with adults who have been trafficked or have a history of trauma, making them vulnerable to exploitation. We connect them with a wide network of services—medical or mental health care, education, employment, rehabilitation, and more—to move them toward stability.
